Cellar Level

Level 2 of 4
Elevation: -3.2

Notes

The novel establishes kitchen stores, ale barrels, and refuge use in the cellars.

This playable cellar layer is reconstructed from those functions rather than exact architectural plans.

Magician's Tower Room

Level 4 of 4
Elevation: 4.2

Notes

Pug's room is described in the northmost tower, the magician's tower.

This upper room remains a restrained reconstruction rather than a full tower stack.
